LD-16EC

LD-16EC Case Sealing Uniform

Automatic case sealers fold all four top flaps as the box is sealed top and bottom. These systems can greatly reduce labour costs, increase efficiency and improve presentation. The compact design allows the machine to be installed into almost any production line.

Case Capacity

	Minimum	Maximum
Length	150mm	550mm
Width	100mm	550mm
Height	100mm	500mm

Note: Certain length / width / height combinations may not process due to unstable conveying conditions.

Specifications:

Power: 240 Volts, single phase

Air Requirement: 4-5kg/cm²

Operating Speed: 18.3m/min belt speed

Weight: 190kg (uncrated)

Closure Material: 50mm pressure sensitive tape

Options: 75mm tape, conveyor, castors, larger boxes, 3 phase electrics.

Automatic top and bottom case sealer for applications involving large runs of boxes. Box adjustments can be made in less than one minute.

- 4 Flap Folding
- CE Approved
- Quick Changeover
