LD-3SB

LD-3SB Case Sealing Uniform

Uniform case sealing machines are designed for use in production environments. These case sealing systems are adjustable for box size but are best suited to batches of one size. Used in many industries uniform case sealers are a fast and efficient way to speed up many packaging bottle necks.

Case Capacity

	Minimum	Maximum
Length	114mm	Infinite
Width	102mm	508mm*
Height	114mm	610mm

*Narrow model available at 85mm

Note: Certain length / width / height combinations may not process due to unstable conveying conditions.

Specifications:

Power: 240 Volts, single phase

Operating Speed: 24.4m/min belt speed

Weight: 104kg (uncrated)

Closure Material: 38/50mm pressure sensitive tape

Options: 75mm tape, conveyor, castors, larger boxes, ink jet printer, top squeezers, high mast.

This side belt driven tape sealer is recommended for dimensionally unstable boxes, lightweight boxes and boxes as narrow as 85mm. Can be used for setting up empty boxes with bottom tape only.

- Low Maintenance
- CE Approved
- Quick Changeover
- Safe Single Mast
- Heavy Duty
- Simple Adjustments
- Interchangeable Cartridges
- Top Squeezer (option)

Replace:

- Expensive Labour
- Hand Taping
- Unsafe or Old Machines
